

NYSATA Region 7

Orange Ulster Putnam Dutchess Rockland Sullivan Westchester Counties

13th Annual Art Educators Symposium – a day of professional development

Presented by NYSATA Region 7, the Art Education Department, and the Dorsky Museum

SUNY New Paltz, April 28th, 2018

The workshops and presentations will explore the ways that art making forms connections, and will present strategies for encouraging students to engage in purposeful, meaningful, and socially responsible thinking in the art classroom, as the concept of connections is explored. Spend the day investigating the nature and formation of connections - between materials and processes, among classroom collaborators, and across disciplines.
